

# Course Guide 2016-2017

**The 2016-2017 Course Guide will be available online November 10th, 2015.**

You can access the Course Guide by going to Weber High's website at [www.whs.wsd.net](http://www.whs.wsd.net). Click on the Student Services tab and select "Course Guide."

Remember to bring your white half-sheet paper indicating what classes you would like to register for to your scheduled Plan for CCR. It is important to have your classes selected prior to your Plan for CCR so that we can spend more time on high school and post-high school planning.

## **FLEX**

FLEX Period is a multi-purpose class period. It is held every day, except Mondays, for 40 minutes. Students can choose to take a study hall or a regular class. If a student has failed a class or is off-track for graduation, that student will be assigned a particular FLEX class for remediation or additional help in that subject area. Additionally, students may use the FLEX period – **with prior teacher approval** – for make-up or test re-takes or additional help/tutoring from one of their teachers. All student assemblies and announcements will happen during the FLEX class period.
